

STATE PRESIDENT'S MESSAGE

Friends

I am extremely happy to make my first communiqué to the medical fraternity of Gujarat after being elected as President of Indian Medical Association, Gujarat State Branch. As a humble soldier of our community I, certainly feel honoured of being a President of a very credible and outstanding organization which has rendered valuable services to the people of Gujarat.

I am a humble grass root worker of IMA, serving this beloved Association for more than two decades. Your heart warming and unflinching support has put me on the chair of President, IMA Gujarat State. I do not know whether 26th December 2014, will go in the history as a red letter day or not, but I am sure that the history of Indian Medical Association, Gujarat State will remember this day as an evidence of our mutual love & brotherhood.

I am over whelmed by feeling of joy and gratitude as all of you have elected me unanimously for the President of IMA Gujarat State for year 2014-2015. I am thankful to my home branch, Vadodara for nominating my candidature. I cannot forget the whole hearted support and constant encouragement given by my IMA Vadodara Branch. I am proud of my branch. This year, President and all six Vice Presidents of IMA Gujarat State were elected unanimously. This gives a strong message that during this turbulent time of medical fraternity, we are all united. At IMA HQ also the Presidents and Vice Presidents are elected uncontested. For the year 2014-2015, Dr. Mansukh Kanani and for the year 2015-2016, Dr. Shailendra Vora are elected as National Vice President of IMA HQ. I congratulate both of them. We must congratulate our own **Dr. Ketanbhai Desai**, a doyen of Indian Medical Fraternity for being unanimously elected as President of World Medical Association. It is a big achievement as an Indian we should be proud of him and especially when he belongs to Gujarat.

I know it well that I can not carry forward the challenging tasks my predecessors have taken up, without the candid support of my fellow members of this August institution.

All new Presidents come with new ideas and thoughts and are successful to implement so as to bring Gujarat State Branch of IMA as one of the leading branches of India.

I have prioritized few of the activities which we should carry out during the year which include the Agendas given by our National President **Dr. Jitendrabhai B. Patel**.

To enumerate few of them,

- * To increase IMA Membership & Recognition of IMA member in a society
- * Strengthening of our various National & State schemes
- * Strengthening of Aao Gaon Chalen programme.
- * Promotion of Rational use of Antibiotics
- * Life Style Disease awareness
- * Strong bonding with speciality organization – Federation of Medical Association. [FOMA]
- * Welcome the "Girl Child" drive.
- * Strengthening of Young Doctors Wing.
- * Hospital Protection Scheme.
- * Formation of Hospital Board of Gujarat & there by Registration and Accreditation of clinic & Hospitals by Indian Medical Association.
- * To organize National / State level programme in every Quarter, on a subject of concern to all.
- * Blood Donation Camps.

For this I require your full whole hearted support.

You all would agree with me that the association has been shaped out with collective leadership. I would like to place on record the credible role played by Dr. Bipinbhai M. Patel. I have no worry in leading the State Association since he is always besides me since 1975. His administrative experience will always help me. I cannot forget all the past presidents of IMA GSB and other leaders who have inspired me a lot & from whom I have learned a lot to work selflessly in the interest of our colleagues of IMA & for their well-being. I am grateful to them.

It will not be out of place here to mention that I was mentored by one of our Past President of GSB, IMA Dr. Kantibhai M. Patel.

Once again, with the sense of great affection and solidarity, I along with IPP Dr. Bipinbhai Patel, my six Vice Presidents, Hon. State Secretary, six Hon. Joint Secretaries and Hon. State Treasurer will try to deliver the best of our ability to you.

Be in touch with us and give your important feedbacks.

Dr. Chetan N. Patel
(President, G.S.B., I.M.A.)

Settings goals is the first step in turning the invisible info the visible.

IMM. PAST PRESIDENT'S MESSAGE

Dear Friends,

"And now, the end is near;
and so I face the final curtain.

My friend, I'll say it clear,
I'll state my case, of which I'm certain. "

As I write this last "President's Message" with my term as your President winding down, I wish to begin

my final message by thanking all of you.

"One generation passeth away, and another generation cometh; and the earth abideth for ever."

But just as it is said, "the earth abideth for ever," I believe the IMA GSB is well positioned to reach even greater heights in the future, building upon its past accomplishments.

"This is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning." --Winston Churchill

"I planned each charted course;
each careful step along the byway,
but more, much more than this,
I did it my way."

So – that is it!

When I was installed as President, I followed the footsteps of my predecessors, each of whom, in their special way, shaped our association. I hope that I too will have left my mark as well.

As I look back at the past year, several initiatives were put into action, directed at providing better services and to enhance the value of IMA GSB to you, our members. These were achieved through the relentless efforts and teamwork of all office bearers and members.

Overall, I believe my team has left a mark on IMA GSB. Time will tell of its impact, but I am hopeful it will be a positive one.

It is said that "Man proposes, the Lord disposes". At the start of my term I had many more plans than I was able to accomplish in such a relatively short term. ... But, "you can't bite off more than you can chew"... time was limited. Things are therefore left for my successors.

I look forward to the years to come. Even as my term as President comes to a close, my commitment to and active involvement in IMA will carry on.

Serving as President of IMA GSB for the past years has indeed been a privilege, a great experience and... a major challenge. As my time nears to step aside, I would like to respectfully express my gratitude to you all, my friends and our members, for the honour bestowed upon me in granting me the opportunity to serve you. I hope I have fulfilled the expectations placed in me.

I would like to thank my mentor Dr.Ketan Desai for his constant encouragement.

I am also thankful to our National president our own Dr. Jitendra B. Patel, Honorary secretary of IMA HQ Dr Narendra saini and Past President of IMA GSB Dr. Mahendra Desai, Dr. Kirti M. Patel, Dr. Anil Naik, Dr. Bharat B. Trivedi, Dr. M. R. Kanani who have given full support in all my activities and cooperation and guidance throughout the year.

I am also thankful to all the president and secretary of local branches.

I am also thankful to all my family members who have given me inspiration and support in my activity.

I thank the Lord who gave me the wisdom to carry out my duties.

Long Live IMA.

IMA GSB.

Dr. Bipin M. Patel

(Imm. Past President, G.S.B., I.M.A.)

MESSAGE

Dear Members,

At the outset, I wish you all a very very happy & prosperous new year. I pray almighty god that he provides you healthy & creative thoughts, strong will & pursuance to fulfil it in the making of healthy society, which is responsibility of we all as doctors.

Recently we at Ahmedabad, Gujarat have successfully hosted 89th National Conference of our own parent

body, Indian Medical Association after a span of 25 years. We, the organising committee, are thankful to all delegates, R C members, patrons, platinum patrons, sponsors & all those who supported us to make it a grand & memorable event. It was really extraordinary in all aspects like venue, food, entertainment programme, inauguration & installation function & of course heart of any conference scientific feast.

As a pivotal part of our state branch, on behalf of all members, I congratulate & welcome our newly installed PRESIDENT of GSB DR. CHETAN PATEL from VADODARA. We are lucky that we have young, dynamic, enthusiastic, committed, visionary & very efficient person as our state president. He is a person with strong will power & dedication. I am sure that under his leadership & guidance, our state branch will achieve new heights of success.

As we all are in the middle of winter, wishing you all a very very healthy & happy winter. You all must be experiencing the impacts of winter in full swing. I think the temperature might be in the range of 5 to 20 degrees in different parts of Gujarat. Let us have a serious thought about our army people who work day in & day out very hard to protect the people of our beloved nation, where the temperature is in the range of minus 20 to 5 degrees. May be even lower. And for what? I feel its a high time to do something for welfare of their family members & them as responsible citizen of this country.

Once again, inviting all members to participate actively in any activity of our fraternity.

Jai HIND, Jai IMA.

Dr. Jitendra N. Patel

STATE PRESIDENT-HONY. SECY. & OFFICE BEARERS TOURS/VISIT

09/11/2014 Dr. Bipin M. Patel; President I.M.A. G.S.B. attended NWG meeting at New Delhi.

Family Planning Centre, I.M.A. Gujarat State Branch

Respected Members,

Indian Medical Association, Gujarat State Branch runs 9 Urban Primary Health Centers in the different wards of Ahmedabad City.

These Centres performed various activities during the month of November-2014 in addition to their routine work. These are as under :

Visual Impairment Survey-2014 organised by State Blindness Control Soc., Gandhinagar in Stadium Ward on 18-11-2014 and Jmalpur Ward on 25-11-2014

01-11-2014 to 30-11-2014 : Intra domestic house to house survey by the centers of Ahmedabad

16-11-2014 to 18-11-2014 : Migratory Polio by the centers of Ahmedabad

Rander - Surat : Iron : 1000 tablets to Children & Iron : 3000 tablets to Mother, Calcium : 2750 tablets were distributed to children.

Nanpur - Surat : Iron : 2000 tablets to Children & Iron : 1800 tablets to Mother, Calcium : 7000 tablets were distributed to children.

The total number of patients registered in the OPD & Family planning activities of Various Centers is as Follows :

NOVEMBER-2014

No.	Name of Center	New Case	Old Case	Total Case
(1)	Ambawadi (Jamalpur Ward)	934	416	1350

Myths and Misconceptions about Child Sex Abuse

The abuser is usually a stranger: In most cases, the abuser is a person known to the child. The people most likely to abuse a child are the ones with the most opportunity, most access and most trust.

Incest, i.e. sexual abuse by a person related to the child, is not common amongst well-educated or well-off people: Incest happens in all kinds of families, including families like ours. It does not depend on class, socio-economic status, education, etc.

Sexual abuse never happened and the child is making it up or exaggerating: Children rarely make up stories about things that traumatize them. In fact, research shows that children often minimize and deny, rather than embellish what has happened to them.

No damage is done by the abuse unless the child is visibly physically harmed: Some acts, like fondling and oral sex, leave no physical traces. Even if the child has not been physically abused, any kind of sexual abuse causes psychological trauma to the child.

Many Children do not reveal sexual abuse because they are enjoying it: The reason children do not report it is because they are afraid, ashamed, or have been bribed or threatened.

He looks normal and acts normal, so he can't be a child molester: Sex offenders are knowledgeable about the importance of their public image, and can hide their private behavior from their friends, neighbours, colleagues, and even their own family members. Some child molesters appear to be charming, socially responsible, caring, compassionate, morally sound and sincere; and parents and other responsible adults trust these individuals.

Child molesters molest indiscriminately: Not everyone who comes in contact with a child molester will be abused. Sex offenders tend to carefully

pick and set up their victims by “grooming” in which the perpetrator skillfully manipulates the child into participating.

A child says that he has been sexually assaulted and then later says that didn't really happen. This clearly means that they are lying: Children may retract an allegation because of enormous pressure placed on them to make it go away. Disbelieving adults give the child the idea that if they say it was a lie, things will return to normal. However an offender will not stop abusing and often becomes more aggressive knowing that if the child says something again, people will not believe him.

The victim is always a girl: Just as women can be sex offenders, boys may be victims of abuse. Unfortunately, child sexual abuse with male victims is underreported due to social and cultural attitudes: boys are taught to fight back and not let others see vulnerability. Boys are aware at an early age of the social stigma attached to sexual assault by another male, and fear appearing weak to others. All of these attitudes make male child victims less likely to tell of their abuse.

Children are abused because their parents have neglectful style of parenting and fail to supervise their child properly. Though sometimes absence of sex education in childhood makes an easy trap, however, usually offenders are quite tactful in manipulating both the caregivers and the child and they to be essentially blamed for.

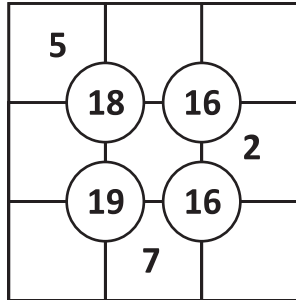

Sexual abuse victims are “damaged good” and their lives are ruined forever: While sexual abuse is incredibly damaging, victims are not "damaged goods" Healing is easiest when the intervention is immediate and appropriate therapy is provided. For adults who have repressed memories, the recovery process can be lengthy. However, all victims of abuse can become fully functioning, healthy children and adults.

Chhota Sudoku

"Place the numbers 1 to 9 in the spaces so that the number in each circle is equal to the sum of the four surrounding spaces."

7 BR OK EN Words

By using following keys, join the broken words & find out the 7 bank related words.

Key	Words
6 Letters	1
7 Letters	3
8 Letters	2
9 Letters	1

NA	ND	RR	SS	LE	CA
CA	IER	EQ	MA	UE	
OK	ENT	BU	CU	BO	
CH	GER	PA	SH	BIN	

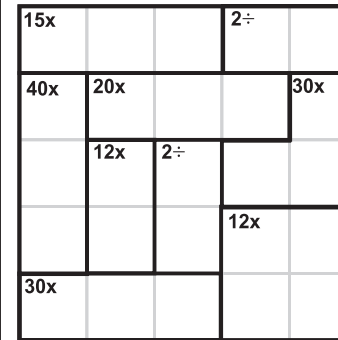

Sudoku

			8				6
1	5	6					
	2		6				7
7		4					5
	9			3		7	
6					4		9
5				7		3	
					8	9	4
8			2				

The objective of sudoku is to enter a digit from 1 through 9 in each cell, in such a way that:
 Each horizontal row contains each digit exactly once
 Each vertical column contains each digit exactly once
 Each 3 by 3 square contains each digit exactly once

KEN KEN PUZZLE

1 write down 1 to 5 in each row and each column in such a way they come only once, in each row and column.

2 The heavily-outlined groups of squares in each grid are called "cages." In the upper-left corner of each cage, there is a "target number" and a math operation (+, -, x, ÷).

3 Fill in each square of a cage with a number. The numbers in a cage must combine—in any order, using only that cage's math operation—to form that cage's target number.

FOR EXAMPLE

4 The number written in the cage of one square, will be the answer for the cage.

5 Important: You may not repeat a number in any row or column. You can repeat a number within a cage, as long as those repeated numbers are not in the same row or column.

Answer Page No. : 102

IMA NATCON-2014

Gujarat State Branch IMA & Ahmedabad Medical Association are privileged to host IMA National Conference on 27th & 28th December-2014 at Ahmedabad.

We are thankful to the following members for registering as Reception Committee (R.C.) members. (Up to Dt. 20-12-2014)
