**STATE PRESIDENT
AND
HON. STATE SECRETARY'S
MESSAGE**

Dear Members,

Season's Greetings,

We congratulate IMA Himatnagar Branch for successfully organised IMA PPS Educative Zonal Seminar at Himatnagar for the first time. It was very well attended by IMA members of Himatnagar, Idar, Khedbrama, Bhiloda, Modasa and other IMA branches. As IMA GSB PPS is going to increase the indemnity cover to Rs 1 crore per year from 1st April 2020, we request our members who still not joined PPS, please be a member of PPS and take the advantage of our scheme. IMA GSB PPS is the first scheme which is going to give professional indemnity cover of Rs 1 crore per year.

In last month, violence in hospital and kidnaping of one members of AMA occurred in unfortunate incidence at Ahmedabad. In a large number of IMA members along with office bearer of AMA has rushed to police station and asked for immediate action. By their effort the 3 culprits were arrested. We congratulate the AMA for their unity, quick action and fruitful outcome.

Healthcare Violence has become an alarming phenomenon worldwide. The real size of the problem is largely unknown and recent information shows that the current knowledge is only the tip of the iceberg. Psychological violence is more prevalent than physical violence. This form of violence is widespread everywhere with verbal abuse right on the top and bullying and mobbing as second main areas of concern. Out of all healthcare related issues, Violence against healthcare professionals is the most dreaded one in India. Healthcare Violence occurs in the form of

physical violence, verbal abuse, aggressive gesture, blackmailing, mob lynching and cyber bullying.

Cyber crimes against healthcare professionals is the fastest evolving trend of healthcare violence. Emotional stress, doctors going through, is nothing but Emotional Violence against the noble white collared professionals.

Statistics Update

- 75% of doctors face verbal or physical abuse in hospital premises.
- Fear of violence was the most common cause for stress for 43% doctors.
- 70% of the cases of violence are in emergency areas like ICU & Casualty.
- 80% of the cases of violence are initiated by the patient's relatives.
- Violent crimes against doctors in India have increased from 2006 to 2018 exponentially.
- 62% of doctors expressed that they are unable to see their patients without any fear of violence.
- 57% doctors have considered hiring security staff in their hospitals.
- 40% of doctors from National Capital Region reported being exposed to violence in 2018.
- Verbal abuse is the most common form of healthcare violence.
- Only 44% doctors report the incidence of violence to somebody.
- 22 state governments of India have passed protective act for doctors.

World Situation on Healthcare Violence Healthcare professionals & workers are at high risk of violence all over the world. 38% of health workers suffer physical violence at some point in their careers. Many more are threatened or exposed to verbal aggression. Most violence is perpetrated by patients and visitors. Violence against health workers is unacceptable. It has not only a negative impact on the psychological and

physical well-being of healthcare professionals, but also affects their motivation. As a consequence, this violence compromises the quality of care and puts healthcare provision at risk. It also leads to immense financial loss in the health sector.

Mission Pink Health is a prestigious wing of Indian Medical Association for Community Services and Flagship Project of Indian Medical Association also known as "Mother Wing of IMA".

"IMA Mission Pink Health is a National Community Health Project for Adolescent Girls" was launched in 2018 on top priority by the National Leadership of IMA. Mission Pink Health promising for empowerment of Adolescent Girls with the vision "Healthy Nation Today & Tomorrow".

Mission Pink Health encompassing Anemia Free India, Welcome the Girl Child, Menstrual Health Hygiene, Prevention of Cervical Cancer, Good Touch/Bad Touch Awareness, Aao School Chale – Personal Hygiene Awareness, Prevention of Vector Born Diseases & Water Born Diseases, Social Media Addiction, Prevention of Drug & Substance Abuse, Aao Gaon Chale.

Target Population is Adolescent Girls of aged 10 to 19 years because this is a phase of aspiration, studies, and struggle associated with profound Physical, Emotional, and Psycho-sexual turbulences.

IMA Mission Pink Health aim is to achieve its mission, create awareness and enhance knowledge about needs and problems related to Adolescent age and to make every adolescent Anemia Free by 2024.

We appeal our colleagues to join hands to spread MPH across the state to reach each & every adolescent girl and make our Country Anemia Free.

Long Live IMA.

Dr. C. S. Jardosh
(President, G.S.B., I.M.A.)

Dr. Kamlesh B. Saini
(Hon. State Secy., G.S.B., I.M.A.)

One step towards membership drive...

Freshly passed out MBBS doctors do not join Indian Medical Association. Because their future is uncertain. They don't know where they are going to set, whether in Gujarat or any other part of India or outside India e.g. if they join to IMA Surat, after 2 to 4 years if they go to other part of Gujarat that is Ahmedabad, Rajkot or Jamnagar or outside Gujarat, here again they have to pay admission fee or contribution of that local branch, So they try to avoid to become the member of IMA or to join IMA. What can we offer?

- 1) Nothing can be done.
- 2) First branch can refund 70% to 80% of its share.
- 3) Fees in installments.

Your suggestions are most welcome.

OBITUARY

We send our sympathy & condolence to the bereaved family

Dr. Premchand H. Jain

(15-01-1935 - 01-10-2019)

Sub.: Organisation of Educative Zonal Seminar by Local Branch and Financial Assistance by P.P.S. GSB-IMA.

Professional Protection Scheme has arranged successfully Educational Seminars since many years. The last one was held at Ahmedabad Branch.

Looking to the success of these Seminars in educating and awakening our members in prevention and defence of litigations arising as a result of professional negligence or deficiency of service, PPS has decided to have two such Zonal Educative Seminars in each zone of Gujarat State Branch of I.M.A.

The subject of such Educational Programme shall be in relation to

1. Consumer Protection Act
2. Professional Negligence and Deficiency in service
3. Prevention and Defence of such litigation and other related Topics
4. Laws Governing the Medical Practice.

If any branch wishes to have such Zonal Seminar then please, apply to the P.P.S. Office through branch Secretary before 31st March.

Dr. Bipin M. Patel
Managing Director

PROFESSIONAL PROTECTION SCHEME; G.S.B. I.M.A.

Biomedical Waste Management Rules 2016 & BMW Amendments 2018, 2019 and their adverse impact on Hospitals

Biomedical Waste & Liquid Waste Management issue has raised concerns all across country. BMW Rules 2016 & the Amendments 2018, 2019 thereafter have created panic among the entire healthcare sector in the country.

Indian Medical Association being the sole representation of the medical professionals held the responsibility to deal with the issue. IMA & Hospital Board of India constituted the National Working Group (NWG) for this important issue. The NWG studied the BMW rules & Amendments and formulated a comprehensive representation comprising of gap analysis between Rules & ground realities. NWG also categorically put forth the possible solutions to address the issue of waste management.

95% of the healthcare of the country is provided by small & medium sized hospitals. The BMW rules & Amendments will have adverse effects on small & medium healthcare establishments (HCEs).

1. Red & Orange Categorisation of HCEs with other industries is unfair & creates unnecessary red tapes for the HCEs. Mandatory CTE & CTO under Water & Air acts is undue & unfair expectation from HCEs. PCB Authorisation should be treated as CTE/CTO for HCEs. The categorization of healthcare at par with industries is arbitrary & holds no rationale. IMA & Hospital Board of India has demanded special categorization of HCEs.
2. Statistically 80% water pollution is by domestic liquid discharge. Effluent / Sewage Treatment Plant Compulsion (STP/ETP) on HCEs is not practical & will put severe financial burden on small or medium hospital owners. BMW Amendments 2018 & 2019 mentioned that 'HCEs less than 10 beds shall have to comply with the output discharge standard for liquid waste by 31st December 2019'. This has created several speculations about financial stress & space constraints that will surely make this clause impractical & impossible for HCEs. SPBs or local civic bodies at many places have been insisting on STP/ETP depending on the clause 3 of Amendment. While there is no specific stipulation in the act regarding this, the compulsion of STPs/ETPs is unfair. Hospital liquid waste is similar like the domestic & should not be treated as a personal onus on the HCEs. More than 95% patients receive domiciliary treatment on OPD basis & hardly 5% patients are IPD patients which will be better managed with CBMWTF & Common Liquid waste management facilities at local bodies than personal STPs or ETPs. This shall be only practical, cost effective & viable solution.

3. Common BMW Treatment Facility – IMAGE, a CBMWTF by Indian Medical Association is a biggest step towards clean environment mission. It is the biggest asset for the government, society, environment & has taken away the burden of BMW in the Kerala State. New rules/amendments have provisions of unfair, heavy fines under heading of Compensation Charges. It may prove disaster if the unit handling BMW of an entire state is treated unfairly by the governing authorities. While there is no supply & production by manufacturers in our country to upgrade & comply with the requisites as per new rules, it is unfair to punish the CBMWTF. The facility of national importance should be exempted from new regulations till Indian manufacturers are able to supply the upgraded equipments.
4. Websites & Barcode Management onus is being shifted to HCEs. Monthly/Annual reports to be published on personal websites by HCEs is an unfair ruling. Barcoding by HCEs is unnecessary onus while the third party agencies in contract with local administration should be responsible for barcoding. HCEs being small establishments don't have websites. CPCB should have a common website or an app where data uploading can be easy. Data collection is possible only through common CPCB website or app.
5. CPCB should have common software for barcoding to be provided to HCEs.
6. Environmental Compensation Charges demanded in the rules bear vague criteria for such fines. Arbitrary huge penalties by authorities shall prove may prove a Fertile ground for corruption. Modifications to avoid misuse is must in BMW rules and amendments. No penalties for clerical errors, should be levied to HCEs. Complete measures to avoid loopholes in the BMW rules is must to avoid the corruption.

IMA & IMA HBI has given in depth representation to the Union Minister for Environment, Forests and Climate Change Hon. Shri. Prakash Jawadekar in the Parliament office. IMA has also given representation to CPCB.

Indian Medical Association HBI shall take every possible steps to safeguard the HCEs of our country.

એલિસબ્રિજની નવકાર હોસ્પિટલમાંથી SVP ખસેડાયા બાદ રૂબરૂસર પકાણાનું મૃત્યુ થયું હતું, શહેરમાં ડોક્ટરના અપહરણને પ્રસૂતિમાં વધુ લોહી વહી જતાં મહિલાનું મોત, સગાંએ ડોક્ટરનું અપહરણ કરી ગળે છરી મૂકી વીડિયો ઉતાર્યો

એલિસબ્રિજની નવકાર હોસ્પિટલમાંથી SVP ખસેડાયા બાદ રૂબરૂસર પકાણાનું મૃત્યુ થયું હતું, શહેરમાં ડોક્ટરના અપહરણને પ્રસૂતિમાં વધુ લોહી વહી જતાં મહિલાનું મોત, સગાંએ ડોક્ટરનું અપહરણ કરી ગળે છરી મૂકી વીડિયો ઉતાર્યો

લેડી ડોક્ટર અને એનર્જીટર દર્દીની સાથે SVP ગયા હોવા છતાં સગાંને હુમલો કરી દેવા પોલીસને જાણ થઈ હતી.

જા છે દર્દીના અધિકાર
ટેક્સાસ એન્ડ પેન્સિલ્વેનિયા ડો. એલિસબ્રિજ અને ડોક્ટરના અપહરણનો, જેમાં દર્દીના મૃત્યુ કે નવાઈને દર્દીના અધિકારો અપાય છે.
કરના છે તેનો માહિતી જાણવાનો અધિકાર
પીએસ ડોક્ટર મેનરવાનો અધિકાર
સ્વેચ્છા કે મૃત્યુના કેસમાં પોલીસ કે કોર્ટમાં પીએસ મેનરવાને મેનરવાનો અધિકાર

ડોક્ટર સાથે આવો વ્યવહાર થાય તો સારવાર કરતા પણ અચકારો
ડોક્ટરના અપહરણ પછી ડૉ. વિમિલ જોષીપુરને કહ્યું, ડોક્ટર પુરુષી તાત્કાલ અચારી દર્દીને અચાર પ્રમાણ કરે છે. પરંતુ આ કારણે દર્દીના અધિકારો ડોક્ટરના અપહરણ કરવાની જવાબદારી ડોક્ટરને મળી જાય છે. જે સારું જ છે. આમ છતાં સગાંએ મેનરવાને નવા માતા પકાણા મૂકી છે. ડોક્ટરને પ્રક્રિયા કરી અને કાર્ય કરવા સમર્થ છે.

DOCTOR ABDUCTED, ASSAULTED

Kin Vent In After Death Of A Woman
Times News Network
Ahmedabad: After a 29-year-old woman dies from the Shikhar hospital, the doctor who delivered her was abducted and assaulted.

Doctors gather at police station
A group of around 20 doctors went to Ellisbridge police station after the incident of abduction and assault came to light. The doctors gathered to request the issue and to inform solidarity with Nankar, said Ellisbridge P. A. S. Patel. An official of Ellisbridge police said the doctor's family was over-whelmed with grief as the woman had died while delivering her first child. The official said that the doctor's family was being contacted at VS Hospital and the cause of death can be ascertained only after receiving the report.

Doctors will be fearful of taking any risk
The incident is heinous and we are approaching senior city police officials over it. There are laws related to doctor's protection but where is the implementation? If strongest action is not taken in this case, it will give free run to such elements without fear of consequences. Dr Mona Desai | CHAIRPERSON, AHMEDABAD MEDICAL ASSOCIATION (AMA)

Woman delivers baby at Navkar Hospital and later dies at SVP hospital due to postpartum haemorrhage; five persons assault and abduct anaesthetist, force him to confess before camera that the attending doctor was responsible for their sister-in-law's death

Woman delivers baby at Navkar Hospital and later dies at SVP hospital due to postpartum haemorrhage; five persons assault and abduct anaesthetist, force him to confess before camera that the attending doctor was responsible for their sister-in-law's death
Ahmedabad Mirror Bureau
Ahmedabad: A woman delivered a baby at Navkar Hospital near Shreyas Dhyer after being assaulted by five persons following the death of a pregnant woman who had delivered a child there. She was made to confess at knife point and on camera, that the doctor who had done the Caesarean section on the woman was responsible for her death. He was later released. Dr Kalpesh Nakum (55, a resident of Venus Parkland near Vejalpur police station, has filed a police complaint that he was abducted and taken to Navkar Hospital. He was later released. Dr Darshan and he had rushed to the hospital. Chief gynaecologist Dr Dharmshita Shah had asked him to give anaesthesia to patient Rukhsharbanu Solikhani Pathan (29) for an urgent caesarean operation. He administered spinal anaesthesia that renders the lower body unconscious. Dr Dharmshita then performed the operation in Nakum's presence, and the patient delivered a baby girl. However, the delivery led to excessive bleeding and the hospital after informing the relatives called 108 to rush to VS Hospital. Both Nakum and Dharmshita Shah, along with two nurses, accompanied Rukhsharbanu to VS Hospital along with relatives of the patient. At 8pm on Wednesday, Nakum, Shah and the nurses returned to the hospital. Around 9:30pm Nakum heard a commotion at the reception of Navkar Hospital and three persons in their 20s caught him and dragged him out of the hospital while ransacking his office, breaking the telephone and other furniture. They grabbed his phone and switched it off. Behind Beharapura police Chowk, the abductors informed him that their sister-in-law had died and then forced him at knife point to confess that the doctor who conducted the Caesarean section had bled her. He was also asked to confess that she had offered him Rs 10,000 to buy the case. He was then warned that he must stick to his confessions made on video or else he and his family members will be killed. ACPV and VS Hospital on Thursday, voluntarily causing hurt, voluntarily causing hurt to extract confession and damaging property. We are yet to see the doctor's confession at the hospital. Even staff members at the hospital were confused and not allowed to go out of the hospital by the miscreants. Rukhsharbanu Pathan was conscious and spoke twice after delivering a baby girl, while being taken to VS Hospital. She was suffering from postpartum haemorrhage. The patient was first taken to the old VS Hospital and after 30 minutes taken to SVP. She was bleeding and was also informed the relatives of the patient that the needed to be shifted urgently to VS. The baby has been handed over to her relatives.

અમદાવાદ મેડિકલ એસોસિએશન અને વિમેન ડોક્ટર્સ વિંગ દ્વારા અમદાવાદ મહિલા પોલીસ કર્મચોરોની માટે સ્વાસ્થ્ય જાગૃતિ સુંબેશ આયોજન કરવામાં આવ્યું છે.

મહિલા પોલીસનું હેલ્થ ચેકઅપ | કામના ભારણા તીવ્રે ટિક્કિન બનાવી શકતા નથી

હિમોગ્લોબિન ઓછું હોવાથી 1600માંથી 576 મહિલા પોલીસને એનિમિયા, 90% જંકફૂડ ખાય છે

હેલ્થ ચેકઅપ | રામદાવાદ

અમદાવાદ મેડિકલ એસોસિએશને 1600 મહિલા પોલીસની હેલ્થ ચકાસણી કરી હતી. જેમાં મહિલા પોલીસનાં સ્વાસ્થ્યની ચકાસણી કમ્પ્લેટ બહુ ડાઉન્ટ (સીબીસી)ની તપાસમાં 15.5 ટકા મોરેટ અને 21.55 ટકા માર્ડલ એનિમિયાનો શિકાર હોવાનું જણાયું છે. 1600માંથી 576 હિમોગ્લોબિન તપાસમાં 15.5 ટકા મોરેટ અને 21.55 ટકા માર્ડલ એનિમિયાનો શિકાર હોવાનું જણાયું છે. 90 ટકાએ કબૂલ્યું કે, કામના ભારણને લીધે ઘરથી ટિક્કિન બનાવી લઈ જતું શક્ય ન હોવાથી જંકફૂડ, ફાસ્ટફૂડ કે બહારનું જમવું પર છે.

અમદાવાદ મેડિકલ એસોસિએશનના પ્રેસિડેન્ટ ડૉ. મોના દેસાઈ જણાવે છે કે, 25થી 29 નવમ્બરે હેલ્થ ચેકઅપ કેમ્પ

અમદાવાદ મેડિકલ એસો. ખાતે યોજવામાં આવ્યો હતો. ડૉ. શેઠાલી દેસાઈ દ્વારા શ્રેષ્ઠ કેન્સર અવેરનેસ અંગે જાણકારી અપાઈ હતી. આ તપાસમાં એક પણ મહિલા પોલીસ તીવ્ર એનિમિયાથી પીડાતી નથી. પરંતુ, 1600માંથી 15.5 ટકાને મોરેટ અને 21.55 ટકાને માર્ડલ એનિમિયા તેમજ 56.75 ટકાનું સ્વાસ્થ્ય સાઈ હોવાનું સામે આવ્યું છે. જેથી તમામ મહિલા પોલીસને 1 મહિના સુધી આયર્નની ટેબ્લેટ સ્વી કરવાની જરૂર છે.

જ્યારે 580 મહિલા પોલીસે અંગદાન માટે પ્રતિજ્ઞા લીધી છે. મહિલા પોલીસનાં લોહીનું પરીક્ષણ અને આયર્નની ગોળીની સુવિધા સિવિલ હોસ્પિટલનાં સુપરિન્ટેન્ડેન્ટ ડૉ. જી.એચ. રાઠોડ અને ડૉ. મૈત્રેય ગજજર દ્વારા પૂરી પાડવામાં આવી છે.

મહિલામાં 12 ગ્રામ હિમોગ્લોબિન હોવું જરૂરી

દરેક મહિલાનાં લોહીમાં હિમોગ્લોબિનનું પ્રમાણ ઓછામાં ઓછું 12 ગ્રામ હોવું શ્રેષ્ઠ ગણાય છે, તેમજ 7 ગ્રામ હોય તો તેને સિવિલર એનિમિયા (હિમોગ્લોબિનની ઊણપ) ગણાય છે. જ્યારે માર્ડલ અને મોરેટ એનિમિયા આયર્નની ગોળી અને પોષ્ટિક આહારનાં નિયમિત સેવનથી સુધારી શકાય છે. પરંતુ, મહિલા પોલીસની લોહીની તપાસમાં 15.50 ટકામાં હિમોગ્લોબિનનું પ્રમાણ 7થી 11 ગ્રામ (મોરેટ એનિમિયા), 21.55 ટકામાં હિમોગ્લોબિન 11થી 12 ગ્રામ (માર્ડલ એનિમિયા) જ્યારે 56.75 ટકામાં 12 ગ્રામની આસપાસ હોવાનું જણાયું હતું. જ્યારે ત્રણ મહિલા પોલીસમાં સ્તનમાં ગાંઠો, સ્તનમાંથી છીંકલી સ્ત્રાવ અને ગ્રંથિમાં સમસ્યા જણાતાં સિવિલમાં મેમોગ્રાફી કરાવાશે.

ઘરનું જમવાનું ન મળતાં ન્યૂટ્રીશિયન મળવું નથી

90 ટકા મહિલા પોલીસે જણાવ્યું કે, તેમના કામનાં કલાકોને કારણે ટિક્કિન બનાવીને લઈ જવાનું શક્ય ન હોવાથી મોટેભાગે જંકફૂડ અને ફાસ્ટફૂડ સહિતનું બહારનું જમવું પર છે, જેથી નિયમિત ઘરનું ભોજન ન મળતાં પૂરવું ન્યૂટ્રીશિયન મળતું નથી. જેથી તેમની લાઈફ સ્ટાઈલમાં બદલાવની સાથે નિયમિત પોષ્ટિક આહાર અને આયર્નની ગોળી લેવાની સલાહ આપી છે. ડૉ. મોના દેસાઈ, પ્રેસિડેન્ટ, અમદાવાદ મેડિકલ એસો.

પાલનપુરમાં ડાયાબીટીસ અંગે જાગૃતિ લાવવા મેરેથોન દોડ યોજાઈ

પાલનપુર, તા. ૭ શિયાળાની ઋતુ સ્વાસ્થ્ય માટે આરોગ્ય વર્ધક માનવામાં આવે છે અને સવારની દુલગુલાબી ડંડીમાં કસરત કરવાથી અનેક બિમારીઓ ટાળી શકાય છે. જેમાં હાલના દોડાદોડી ભર્યા યુગમાં લોકો માનસિક તણાવને લઈ વિવિધ બિમારીઓમાં સપડાઈ રહ્યા છે. જેમાં ખાસ કરીને લોકો ડાયાબીટીસનો ભોગ બની રહ્યા છે.

ત્યારે લોકોમાં ડાયાબીટીસ અંગે જાગૃતિ આવે અને ડાયાબીટીસથી બચવાના ઉપાયો લોકો જાણી શકે તે માટે રાષ્ટ્રીય જન આરોગ્ય કલ્યાણ સેવા અભિયાન કાર્યક્રમ અંતર્ગત પાલનપુરમાં શનિવારની વહેલી સવારે ડાયાબીટીસ સજ્જતા રેલી યોજવામાં આવી હતી. જે મેરેથોન દોડનો પ્રારંભ શહેરના ગુરુનાનક ચોકથી કરવામાં આવ્યો હતો. જેમાં

મેડિકલ એસો. દ્વારા ગણામાં બાંધવાની પટ્ટીનું વિતરણ

ભાવનગર મેડિકલ એસોસિએશન દ્વારા ઉત્તરાયણ માં દોરી ગણા માં આવવા નાં લીધે થતા અકસ્માત નું નિવારણ કરવા માટે શહેરનાં વાહનચાલકોને ગણા માં બાંધવાની પટ્ટી નું વિતરણ કરવામાં આવ્યું હતું. જેથી ઉત્તરાયણ માં ગળે પટ્ટી બાંધીને વાહન ચલાવવાથી અકસ્માત નો ભય ઘટાડી શકાય. શહેરનાં ચાર રસ્તાઓ પર વાહનચાલકોને અને પાછળ બેસેલા બંને વ્યક્તિ ને પટ્ટી આપવામાં આવી હતી

Hospital Vicariously Liable For Medical Negligence Committed By Its Doctors: SC [Read Judgment]

IN THE SUPREME COURT OF INDIA
CIVIL APPELLATE JURISDICTION
Civil Appeal No. 6619 Of 2016

**MAHARAJA AGRASEN
HOSPITAL & ORS.**

...APPELLANTS

Versus

MASTER RISHABH SHARMA & ORS.

...RESPONDENTS

WITH

Civil Appeal No. 9461 Of 2019

(Arising out of Diary No. 15393 of 2019)

POOJA SHARMA & ORS.

...APPELLANTS

Versus

**MAHARAJA AGRASEN
HOSPITAL & ORS.**

...RESPONDENTS

The Supreme Court has observed that a hospital is vicariously liable for the acts of negligence committed by the doctors engaged or empanelled to provide medical care.

The bench of **Justice Uday Umesh Lalit and Justice Indu Malhotra** observed thus while upholding an NCDRC order holding a Hospital to be vicariously liable for medical negligence of the Doctors who allegedly failed to carry out the mandatory check up of Retinopathy of Prematurity of a pre-term baby, which led to his total blindness. **(Maharaja Agrasen Hospital vs. Master Rishabh Sharma)**

Also Read - Sabarimala - Essential Religious Practices- Nine Judge Bench Hearing- LIVE-UPDATES From Supreme Court

Referring to Bolam Test and other judgments on medical negligence, the Court observed that the reasonable standard of care for a premature baby mandates screening and checking up for ROP: It said:

A medical professional should be alert to the hazards and risks in any professional task he undertakes to the extent that other ordinarily competent members of the profession would be alert. He must bring to any professional task he undertakes reasonable skill that other ordinarily competent members of his profession would bring"

Also Read - SC Directs States To Appoint Exclusive Public Prosecutors In POCSO Courts [Read Order]

Upholding the NCDRC _ndngs, the bench awarded a compensation of Rs. 76,00,000/- to the boy and the mother and issued directives on utilization of the amount. It further observed:

"It is common experience that when a patient goes to a hospital, he/she goes there on account of the reputation of the hospital, and with the hope that due and proper care will be taken by the hospital authorities. If the hospital fails to discharge their duties through their doctors, being employed on job basis or employed on contract basis, it is the hospital which has to justify the acts of commission or omission on behalf of their doctors"

On Medical Negligence

Medical negligence comprises of the following constituents: (1) A legal duty to exercise due care on the part of the medical professional; (2) failure to inform the patient of the risks involved; (3) the patient suffers damage as a consequence of the undisclosed risk by the medical professional; (4) if the risk had been disclosed, the patient would have avoided the injury; (5) breach of the said duty would give rise to an actionable claim of negligence.

The cause of action for negligence arises only when damage occurs, since damage is a necessary ingredient of this tort. In a complaint of medical negligence, the burden is on the complainant to prove breach of duty, injury and causation. The injury must be sufficiently proximate to the medical practitioner's breach of duty. In the absence of evidence to the contrary adduced by the opposite party, an inference of causation may be drawn even though positive or scientific proof is lacking.

Medical negligence is the breach of a duty of care by an act of omission or commission by a medical professional of ordinary prudence. Actionable medical negligence is the neglect in exercising a reasonable degree of skill and knowledge to the patient, to whom he owes a duty of care, which has resulted in injury to such person. The standard to be applied for adjudging whether the medical professional charged has been negligent or not, in the performance of his duty, would be that of an ordinary competent person exercising ordinary skill in the profession. The law requires neither the very highest nor a very low degree of care and competence to adjudge whether the medical professional has been negligent in the treatment of the patient

The court also referred to evolution of law of Medical Negligence. It noted that, in **Arun Kumar Manglik v. Chirayu Health and Medicare (P) Ltd.**, it was held that the standard of care as enunciated in Bolam (supra) must evolve in consonance with its subsequent interpretation adopted by English and Indian courts.

AWAKEN INDIA

The voice of every Indian

The movement Awaken India is a movement to ensure scientific and affordable health Care to every Indian. The movement will sensitise the country on the challenges for Scientific health Care and devise measures to overcome them.

The challenge: National Medical Commission NMC act which has been recently passed by the Parliament has some deleterious clauses, highly detrimental for quality Medical care. Clause 32 which gives licence to unqualified persons to practice Modern Medicine and clauses 50, 51 which promote crosspathy will put the Public Health of the country in big jeopardy. Medical college are anxious about clause 15, which impose an exit exam on them. IMA is duty bound to see that these detrimental clauses, which will destroy the health of the country, are not implemented.

Methodology: Awaken India will have the following arms :

Jagran sammelan (Awaken meetings)

1. Meeting in all Medical colleges
2. Meeting in all branches
3. Vehicle rallies covering Medical colleges and hospitals.
4. District and State conventions

Swasth Ganathanthr (Healthy Republic)

Pledge on January 26th, our Republic day; all local and state branches, MSN units to safeguard Health of the Nation.

Jan Awaaz (Citizens voice) : Mass memorandums signed by citizens urging the Government to provide quality Medical care. These memorandums may be signed by all the patients visiting doctors for consultation and their bystanders. The signatures of prominent citizens including people's representatives should be obtained. All the branches should visit and sensitise their MP and try to obtain their signature in the memorandum. These may be compiled by the branches and brought to the headquarters during Maha Andolan.

IMA garjan (Profession demands) : All Medical Professionals and Medical Students should sign the memorandum seeking revokal of clauses 32, 50 and 51 of NMC act.

Maha Andolan

Will be held in Delhi during March second week. All the IMA branches should send atleast one satyagrahi from the branch. All State Presidents and Secretaries and important state and national leaders should also participate in the Andolan, the nature of which will be elaborated soon.

Medical Students Network (MSN)

Medical Students Network MEN is the student wing of IMA, which functions at the college, State and National levels.

Membership and fee: Medical Students and interns can become members of MSN on payment of the membership fee based on the number of years of membership. The fee will be at the rate of Rs 100 per year, subject to maximum of Rs 500, to be paid as a onetime fee on admission to MSN. **Accounts:** Each IMA local and State branch should maintain an account of MSN. The whole admission

fee collected from students on admission should be credited to IMA MSN National Account from which 50% will belong to the Local Branch and 25% to State MSN Account. This amount can be transferred to the respective State and Branch accounts on receipt of the amount to the national account on claim of State and branch for activities as decided by respective councils. The amount held with the branch under IMA MSN account should be allotted for activities once recommended by the respective MSN council.

MSN college units : MSN unit should be formed in each Medical college coming under the jurisdiction of the branches. An IMA leader (MSN Coordinator) may be nominated by the branch for this purpose. All the students of the college who enrol to MSN by paying the fees and submitting their details (name, address, phone number, class and year of admission) will be members of the college unit and should elect the following college office bearers:

- | | |
|--|-------------------------|
| a) Convener | b) Two Co-conveners |
| c) Secretary | d) Finance Secretary |
| e) Two Joint Secretaries | f) State Council Member |
| g) Two class representatives for each class. | |

The branch President, Secretary, MSN Coordinator and the above office bearers will constitute the college MSN council.

MSN State units: An IMA leader may be nominated by the State president as MSN State Chairman. IMA MSN Coordinator, Convener, Secretary and state council member from all colleges in the State, along with the State President and Secretary will constitute the State MSN council. The state council student members should elect the state Student Convener, General Secretary, National council member and two joint Secretaries. The state Chairman, Convener and National council member will represent the State in the MSN National council.

Activities : MSN activities can be held in academic, extracurricular, sports and Professional fronts and should be guided and facilitated by the IMA branch. National IMA and MSN activities may kindly be facilitated in all college and State chapters. **Time frame :** The following time line may be observed:

- i) IMA MSN of colleges should be constituted on or before 30th November
- ii) State council on or before 30th December
- iii) National council on or before 30th January.

If the units have not been constituted so far kindly do that urgently and forward the names of office bearers to the National HQ. address for correspondence : ima hsg@gmail.com / sreejithnkumar@gmail.com

For further information and guidance please contact National HQ or MSN office bearers.
