### STATE PRESIDENT'S MESSAGE

Dear IMA GSB Friends,  
Seasons' Greetings.

Wishing you Happy Navratri, Dashera, Sharad Purnima and Sardar Patel Jayanti. Also, we wish you all Happy Diwali and Prosperous New Year in advance.

GIMACON Amrut Mahotsav Mubarak.

Preparations for HCG GIMACON (28th, 29th October-2023) are in full swing.

Except for the 6 weeks health break, which I was compelled to take due to major fractures, the whole year remained very busy and vibrant. One year went fast, as if in a flash.

I specially thank IMA's national secretary general Dr. Anil Nayak, IMA-GSB's vibrant secretaries Dr. Mehul Shah & Dr. Mahesh Patel, and the entire enthusiastic team; KD Hospital's management team, namely Dr. Adit, Dr. Parth & Dr. Aditi Desai, who kept IMA-GSB together, in all their academic and philanthropic activities throughout the year.

IMA challenges and problems, such as NMC's various orders, Clinical Establishments Act, Mixopathy etc. were solved and resolved in our favor, thanks to our unity. To get decisions in our favors from the governments was possible only due to our firm and steadfast unity, and thanks to the experience and expertise of our senior members.

Over and above various conferences, programs such as "aaogaonchale" and "organ donation awareness" became our permanent and prestigious activities in the whole year.

It is a challenge for a small branch to hold and host annual conference. However, we are working full steam ahead, at our best to host the golden jubilee, GIMACON-75 at Bhavnagar on 28-29 October 2023, at a very beautiful venue (ISCON Club Resort, Bhavnagar).

Dear all members, please come to Bhavnagar to attend this conference, and give us opportunity to host you all. Please enjoy the academic as well as gastronomic feast, in a true Kathiawadi spirit. We are eagerly and enthusiastically awaiting your arrival and participation.

### How India can solve the shortage of specialist doctors?

India has become the most populous nation on the planet. However, have we prepared ourselves to provide health care to our people? We will need general practitioners to offer preventive and primary care to this large population. We will also need more specialist doctors to provide secondary and tertiary care to our growing population. As India wants to become a developed country by 2047, our health care sector also needs to brace up for this challenge.

In order to cater to fulfil our demands for specialist doctors we will need to create more PG seats for speciality courses and encourage our young medical graduates to seek admission in specialty courses. Our long-term objective is to create adequate medical workforce that can serve our population.

Against this background, would you be not surprised to know that few thousand seats of speciality and super speciality courses remained vacant last year! There were no eligible candidates to apply for MD / MS / DM / M. Ch. courses in our country! So many speciality seats were not filled and on the other hand thousands of aspiring young medical graduates were denied opportunity to become specialists.

This is an unfortunate situation for a country like India as it is facing an acute shortage of specialist doctors in the towns and cities. Unless we take drastic action immediately, the similar situation will prevail this year also where thousands of PG seats would go waste. New medical graduates work very hard to clear qualifying exam PG NEET to get into speciality courses leading to MD / MS / DNB and super speciality courses like DM / M Ch. Many of them fail to qualify for

admission due to high cut off passing percentile marks. We cannot afford such a massive national waste and lose our opportunity to build specialist resource for the country.

What is the way forward? Our recommendation is to immediately relax the cut off level for PG NEET which is a qualifying examination. We should keep the cut off percentile for admission to such a level that we pass out adequate number of medical graduates to fill all available seats for PG speciality across the country.

India definitely needs more specialists in all clinical speciality like gynaecology, paediatrics, general medicine, general surgery and so on to serve our population. Similarly, we also need medical teachers in nonclinical branches such as anatomy, physiology, pathology, pharmacology etc. so that the shortage of medical teachers in medical colleges can be met. Lowering the qualifying percentile will kill two birds with one stone; it will increase medical and surgical specialists in India and will also get more medical teachers to support growing number of medical colleges in the country.

We hope that the government will listen to our suggestion.

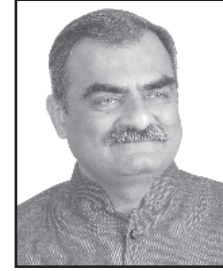

હે ભગવાન, દર્દીને હું મારી આવડતની કસોટીનું સાધન ન ગણું, પ્રયોગો કરવાનું પ્રાણી ન ગણું, નાણાં કમાવાનું માધ્યમ ન ગણું, બીજો કોઈ અશુભ ઉદ્દેશ્ય ન રાખું; તે શ્રીમંત છે. કે ગરીબ તે લક્ષ્યમાં ન લઉં એવી મને સદબુદ્ધિ આપજે, કારણ કે સૌથી મહાન ઉપચારક તો તું જ છે. સ્વસ્થતાનો સ્રોત તો તારામાંથી જ વહી આવે છે. "I treat, THOUGH Cures" આ સૂત્રનું મને સતત સ્મરણ રહે તે પ્રાર્થના.

## HON. STATE SECRETARY'S MESSAGE

Dear Fellow Doctors,

**"Happiness is when what you think, what you say, what you do is in perfect harmony."**

October is a month which holds special mention in the hearts of all people in our country. The rationale behind this is that this is the month of transition from the monsoons to the festive season. Also this is the

month when two great individuals were born who were instrumental in carving out our independence and shaping the destiny of our country.

It is our prerogative and a privilege to celebrate and glorify these historic and iconic gentlemen. **October 2nd** is celebrated as a grand commemoration to the various values of peace, non-violence and social justice that **Mahatma Gandhi** always advocated. He quoted famously and imbibed everyone to follow his principles. Leading from the front, he was instrumental in propagating cleanliness drives, promoting a green environment and pollution free world.

His ideologues imparted a creative resistance that acknowledged and transcended all the pain of the past and advocated a new beginning with ideals of tolerance and self-discipline.

**"Be the change you want to see in the world."**

In this month, we also celebrate the birth of **Sardar Vallabhbhai Patel**, considered as one of the architects of a unified and secular India. His diplomatic skills and determination was instrumental in building the foundation of a unified and strong modern India.

**"The Real Age of Wisdom:**

United Nations cherish International Day of Older Persons on October 1st. It's a moment to honor the wisdom and influence of our senior citizens.

These individuals are living encyclopedias of knowledge, spanning the evolution of healthcare. Their insights guide our practice, reminding us of compassionate care.

This day underscores their healthcare needs. We tailor care to their requirements, including regular check-ups, prevention, and age-specific interventions.

Mental health is vital; loneliness and depression affect them. We must offer not only medical care but also emotional support and community engagement.

Promoting "healthy aging" is a shared duty. Encourage active lifestyles, exercise, and nutrition to prevent falls and fractures.

Moreover, to further celebrate their wisdom and ensure that it benefits younger generations, let's organize a "storytelling seminar". This seminar would provide a platform for our senior citizens to share their life stories, experiences, and the invaluable lessons they've learned over the years with the younger generation. It's a beautiful way to bridge the generation gap and transfer the wealth of knowledge from our seniors to the youth.

But our commitment doesn't end here. In recognition of their unique healthcare needs, let's organize diagnostic camps exclusively for senior citizens who live on their own. These camps will bring healthcare directly to their doorstep, addressing their concerns and ensuring their well-being. It's a practical step towards providing them with the care they deserve in the comfort of their homes.

This International Day of Older Persons, let's celebrate the legacy of wisdom our elders offer. Let's honor their contributions to our society and profession.

To add to the festive fervour, and our main agenda being to unite all medical brethren, we are in the throes of organising the annual GIMACON in October. It is going to be a splendid confluence and amalgamation of prominent speakers, illustrious orators and elaborate arrangements at an idyllic and serene venue in Bhavnagar. Hope to have your esteemed presence there. Signing with what Sardar Vallabhbhai has always advocated.

***"Manpower without unity is not a strength  
unless it is harmonised and united properly,  
then it becomes a spiritual power."***

## NMC SWALLOWS ITS OWN 'BITTER PILL'

### Norm requiring doctors to prescribe only generic medicines to patients put on hold by National Medical Commission on Thursday after hue and cry raised by stakeholders

Brendan Dabhi @ahmedabadmirror.in TWEETS @BrendanMIRROR

The National Medical Commission (NMC) on Thursday put on hold its Professional Conduct Guidelines that asked Registered Medical Practitioners (RMPs) to prescribe only generic names of drugs. The decision comes in the wake of an outcry over the same and two days after Union Health Minister Mansukh Mandaviya met stakeholders, including the Indian Medical Association (IMA), to discuss various issues. The meeting had, among other things, discussed the matter of compulsory prescription of generic medicines by doctors in India. **CONTINUED ON PAGE 6**

## NMC puts generic drugs order on hold

### Move Follows Protests by IMA, Pharma Body

New Delhi: The National Medical Commission (NMC) has put the latest regulation - National Medical Commission Registered Medical Practitioner (Professional) Conduct Regulations, 2023 - on hold. The move follows protests by the Indian Medical Association and the Indian Pharmaceutical Alliance against some of the key provisions introduced in the new regula-

It's a triumph that showcases the power of collective efforts, and it reinforces the significance of our association. This decision to retract this draconian regulation is in favour of poor patients, medical practitioners, and the entire pharmaceutical industry. Dr. Anil Nigam, Secretary General, IMA, told TOI.

Sources said the NMC was asked to explain the rationale behind the controversial provision first and then the IMA and IPA representatives were asked to present their argument against the regulation. Following this, a decision was taken to ask the NMC make necessary changes to remove contentious provisions that were also seen as impractical. The NMC and IPA were against mandatory prescription of generic drugs till there is quality assurance of all medications. The IMA also expressed concern over the regulations which bar doctors from attending conferences sponsored by pharma companies saying such prohibition was against collaboration.

# डॉक्टरों के लिए सिर्फ जेनरिक दवाएं लिखने का नियम वापस

विशेष संवाददाता, नई दिल्ली

वैज्ञानिक मेडिकल कॉलेज (NMC) ने डॉक्टरों को जेनरिक दवाएं उचित रूप में लिखने के नियम पर एक रुढ़ि डाल दी है। एनएमसी ने डॉक्टरों के परामर्श करने में सिर्फ न लेने और परामर्श करने में ड्राग प्रोविजन समझने में ध्यान देने के नियम को भी स्थगित कर दिया है। डॉक्टरों के बड़े श्रेष्ठ के बाद एनएमसी ने मुख्य रूप से कहा कि अलग-अलग डॉक्टरों को जोड़ने का नया नियम स्थगित रहेगा। इसके साथ ही 2002 के नियम लागू कर दिए गए हैं। नए नियमों में डॉक्टरों पर पैरामीटर का प्राधान्य कम था, जबकि पहले नियमों में ऐसा नहीं था। एनएमसी ने इस फैसले का स्वागत किया है। एनएमसी

ने नए नियम कबल कहा कि नए डॉक्टरों को जेनरिक दवाएं लिखनी होंगी। ऐसा न करने पर उन्हें सख्त ही जा सकती है। यहाँ तक कि शिस्त करने का उनका स्वयंसेवा भी कुछ समय के लिए सस्पेंड किया जा सकता है। डॉक्टरों को बड़े जेनरिक दवाएं लिखने से बचने की हिदायत भी दी गई है।

## IMA ने स्वास्थ्य मंत्री से चिंता जताई थी

आयुष्मान्, इंडियन फार्मस्यूटिकल एसोसिएशन ने जेनरिक दवाओं को लिखने उचित रूप से पर विचार जताया था। इन संस्थाओं के प्रतिनिधियों ने केंद्रीय स्वास्थ्य मंत्री और अधिकारियों के साथ बैठक भी की थी। आयुष्मान् ने केंद्रीय स्वास्थ्य मंत्री को पर लिखकर सभी दवाओं को क्लॉनिंग सुनिश्चित होने तक जेनरिक दवाएं उचित रूप से लिखने संबंधी आदेश को वापस लेने की मांग की थी।

## NMC's contentious guidelines on hold

The National Medical Commission put on hold guidelines issued last month directing, among several steps, that doctors prescribe only generic drugs to patients, a suggestion that triggered massive protests. The IMA's Registered Medical Practitioner professional conduct regulations "are hereby held in abeyance with immediate effect," the NMC said through a gazette notification, citing the need for "removal of doubts." While NMC and the Union health ministry did not give a reason for staying the notification, the move, said people familiar with the matter, was triggered by protests by the medical fraternity against the clause that directed doctors to prescribe only generic medicines. It was met with huge criticism, with medical practitioners across the country raising it irrational, and some saying the regulations could put power in the hands of chemists to disburse a brand of their choice.

## NMC puts on hold new guidelines prescribing only generic medicines

Rhythmika Kaul  
Intern@indianarmy.com

NEW DELHI: The country's medical education regulator — the National Medical Commission (NMC) — has put on hold guidelines issued earlier this month, directing, among several steps, that they prescribe only generic drugs to patients, a suggestion that triggered massive protests.

The National Medical Commission's (Professional Conduct) Regulations, 2023 (Amendment) Regulations, 2023 is likely to be introduced soon, according to the health ministry. A new regulation to be called 'National Medical Commission Registered Medical Practitioner (Professional Conduct) Regulations, 2023' is likely to be introduced soon, according to the latest order.

While NMC and the Union health ministry did not give a reason for staying its previous notification, the move, according to people aware of the details, was triggered by protests by the medical fraternity against the clause that directed doctors to prescribe only generic medicines. The clause in the now-suspended notification read: "Prescribing Generic Medicines: Every RMP should prescribe drugs using generic names written legibly and prescribe drugs rationally, avoiding unnecessary medications and irrational fixed-dose combination tablets. (I

PEOPLE AWARE OF THE DETAILS SAID THE NORM WAS KEPT ON HOLD FOLLOWING PROTESTS FROM THE MEDICAL FRATERNITY

and/or L2)/Generic Drugs and Prescription Guidelines". It was met with huge criticism by medical practitioners across the country, who called it an irrational dictat, with some even saying that the regulations could put power in the hands of chemists to disburse a brand of their choice. "Grand Victory for IMA against the 2023 Regulations Notified by @NMC\_IND 1 The entire set of 2023 Regulations that were notified by the NMC has been held in abeyance. A heartfelt thanks to Health Minister Shri @Renukhambhadr for his receptive approach and for considering the concerns raised by IMA... This victory belongs to every single member of IMA who stood together, raised their voices, and displayed unprecedented unity..." posted the Indian Medical Association (IMA) on X, the platform formerly known as Twitter.

Move Follows Protests By IMA, Pharma Body

DurgamChoudhury, @dineshgroup.com

New Delhi: The National Medical Commission (NMC) has put its latest regulation — National Medical Commission Registered Medical Practitioner (Professional Conduct) Regulations, 2023 — on hold. The move follows protests by the Indian Medical Association and the Indian Pharmaceutical Alliance (IPA) against some of the key provisions introduced in the new regulation for doctors to make them prescribe generic drugs only and to bar them from participating in events sponsored by pharmaceutical companies.

Representatives of both the IMA and IPA had recently met Union health minister Mansukh Mandaviya. Officials from NMC were also present in the meeting called by the minister to discuss the regulation. Sources said the NMC was asked to explain the rationale behind the contentious provisions first and then the IMA and IPA representatives were asked to present their arguments against the regulation.

Following this, a decision was taken to ask the NMC to make necessary changes to remove contentious elements that were also seen as impractical. The new notification to put National Medical Commission Registered Medical Practitioner (Professional Conduct) Regulations, 2023 in abeyance was a result of the same, said officials in the health ministry. A new regulation to be called 'National Medical Commission Registered Medical Practitioner (Professional Conduct) (Amendment) Regulations, 2023' is likely to be introduced soon, according to the latest order.

# After IMA protest, NMC puts generic drug order on hold

The NMC has put its latest regulation on hold following protests by the IMA and the Indian Pharmaceutical Alliance against some key provisions to make doctors prescribe only generic drugs and to bar them from participating in events sponsored by pharmaceutical companies. P 21

Less than 1% of generic drugs made in India are tested, the IMA claimed against the regulation.

The IMA claimed that less than 1% of the generic drugs manufactured in India are tested for quality. The quality assurance mechanism in our country is very weak, the association pointed out.

The doctor's body was also against the provision which made it compulsory for even self-employed doctors to maintain medical records of patients for three years from the date of last contact.

# SC junks Verma's appeal for medical negligence damages

Times News Network

Ahmedabad: The Supreme Court (SC) on Monday dismissed an appeal filed by former IPS officer Satish Verma against the national consumer commission's rejection of his demand for Rs 5 crore compensation from a private hospital and doctors in Ahmedabad for alleged medical negligence in his hip surgery after which his left leg got shortened.

His follow-up treatment continued with Dr Shah, but as he did not get the desired result, he went for a second opinion only to find out that the surgery had not been conducted properly, and he would require another surgery.

Verma filed a criminal complaint against the doctors for medical negligence, for which they are facing a criminal trial and are now before the Supreme Court. On the other hand, Verma had sought Rs 5 crore compensation from these two doctors along with Dr Akshay Patel, Dr Sanjay Patel, Sterling Addlife India Ltd and two insurance companies, alleging medical negligence.

In June, the National Consumer Dispute Redressal Commission (NCDRC) rejected his claim seeking compensation under the Consumer Protection Act. Verma challenged the NCDRC order before the apex court by taking exception to the commission's decision to allow one Dr Satish-chandra Kale to assist the court as an amicus curiae and to accept his medical opinion, though Dr Kale was earlier associated with Dr Shah and Dr Pandit and was allowed to assist them.

Verma also contended that the commission did not consider the aspect of negligence for which both the doctors are facing a criminal trial and the Gujarat HC rejected their discharge pleas last year. However, the SC was not inclined to allow Verma's appeal forcing his counsel to withdraw it.

## GUJARAT MEDICAL JOURNAL

(Report: by Dr. Kamlesh B. Saini;

Hon. Editor, Dr. Harshad C. Patel; Hon. Joint Editor, Dr. B.I. Patel; Hon. Secretary)

In this year of our tenure, we could publish two issues of Gujarat Medical Journal (GMJ). The last issue was published on 31st December - 2022. We are happy that now very regularly we are publishing GMJ.

You all know now, that GMJ is indexed in "Index Copernicus International" (ICI), and all the issues of GMJ since 2015 can be viewed on; <https://journals.indexcopernicus.com/search/details?id=43553>

G.M.J. has created own website & online portal with use of OJS platform. GMJ has registered with crossref for obtaining DOI for each article individually & are in process of obtaining e-issn.

Obviously the Gujarat Medical Journal should look for impact factor which is the next big thing for any scientific journal. To achieve this we need to put in a lot of efforts. We would like to request all the research minded doctors in Gujarat who are in research field to seriously consider GMJ for their manuscripts. We are also making all efforts to make our journal website at par with any leading medical journal. We hope to bring in many more value added features to our journal within a reasonable period of time. We solicit full support by our members. There suggestions will be valuable to us.

We are thankful to IMA GSB President Dr. Mahavirsinh M. Jadeja and Hon. State Secretary Dr. Mehul J. Shah for their whole hearted support during the year. Also we are thankful to Dr. Urvesh Shah (GCS Medical College, Ahmedabad & Dr. Chinmay J. Shah, GMC, Bhavnagar) for helping us in maintaining the Indexation status of our Journal. We are also grateful to IMA GSB Past President Dr. Jitubhai B. Patel, Dr. Kirtibhai Patel, Dr. Mahendrabhai Desai, Dr. Bipinbhai Patel and Dr. Yogendra Modi for their guidance and help.

Thanks,

**Dr. Kamlesh B. Saini**

## AUDITOR'S REPORT

To,  
Members,  
Family Welfare Scheme - GSB IMA  
Ahmedabad.

Report on the Audit of the Financial Statements and notes to the Financial statements.

### OPINION

We have examined the annexed Balance Sheet of Family Welfare Scheme GSB IMA, Ahmedabad as at **31.03.2023** and Income and Expenditure Account for the year ended on that date.

These Financial Statement are the responsibility of the management of the scheme. Our responsibility is to express an opinion on these financial statement on our audit.

### BASIS OF OPINION

We conducted our audit of the Financial Statements in accordance with auditing standards issued by the ICAI and generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion

As per information and explanations given to us and as per books of account and relevant records examined by us, we state that the said accounts give a correct view of the State of Affairs of Family Welfare Scheme G.S.B. I.M.A. subject to the notes given in the notes of accounts attached with the said Annual Accounts.
